

MONOPRICE™ SELECT-STYLE WIRED USB TILE KEYBOARD (P/N 15905)

The Select-Style Wired USB Tile Keyboard is a reliable and stylish office keyboard designed for everyday productivity. Compatible with a wide range of computer operating systems, it features a wired USB connection for simple, plug-and-play setup—no drivers or software required.

Designed to complement modern workspaces, the keyboard offers a slim, low-profile design with clean, non-obtrusive logos that pair effortlessly with desktops and laptops alike. Its thoughtfully spaced key layout and quiet, comfortable key action support fast, accurate typing for extended use. Full-size function keys, a dedicated 10-key number pad, and integrated indicator lights provide familiar functionality and dependable performance, making this keyboard a practical and budget-friendly choice for home, office, or daily use.

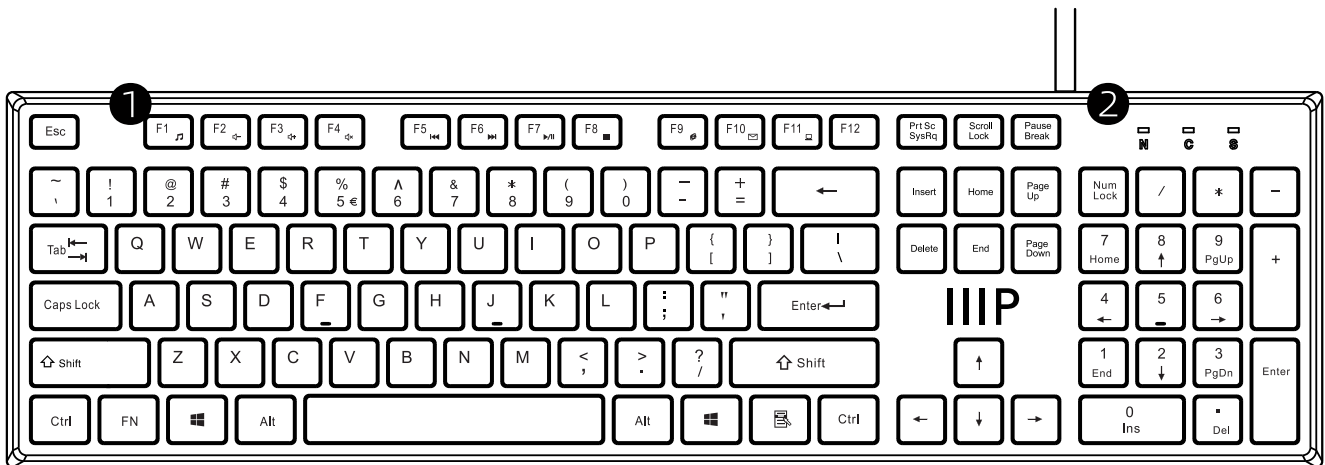

FEATURES

- Wired USB keyboard with simple plug-and-play operation—no drivers required
