

MONOPRICE™ ESSENTIAL WIRED USB OPTICAL MOUSE (P/N 15907)

The Essential Wired USB Optical Mouse is a reliable, high-quality solution designed for everyday office and home use. Compatible with a wide range of computer operating systems, it features a wired USB connection for stable, plug-and-play performance without the need for additional software or drivers.

Its high-precision optical sensor delivers smooth and accurate tracking, making it ideal for productivity tasks and daily computing. Comfortably contoured curves provide a natural grip for extended use, while the clean, stylish profile complements any modern desktop or laptop setup. Satisfying button response, dependable operation, and solid fit-and-finish details make this budget-friendly mouse a practical and dependable choice for long-term use.
