

Monoprice™

Thunderbolt 4 Cable, 3.3 & 6.6 feet, Intel Certified

40Gbps Transfer Speed | 240W Power Delivery EPR | Single 8K or Dual 4K Video Resolution

Thunderbolt 4 is the newest generation of Thunderbolt technology that lets you enjoy lightning fast data transfer speed, stunning video resolution, and unparalleled rapid charging power. It supports data rate of 40Gbps, single 8K or dual 4K displays, and up to 240W Power Delivery that's enough to quickly and fully re-charge even the most demanding laptops of today or the future. This unifying technology is compatible with all USB-C devices including the latest USB4 generation. It's also backwards compatible with Thunderbolt 3, USB3, and USB2. This cable is officially certified by Intel and USB-IF.

- Ultra Fast 40Gbps Data Transfer Speed
- Next Generation Charging of up to 240W Power Delivery
- High Resolution single 8K display, or dual 4K displays
- Compatibility with all USB-C devices including USB4
- Backward compatible with Thunderbolt 3, USB3, USB2
- Intel Certified, USB-IF Certified

NEXT GENERATION HIGH POWER CHARGING

Supports the latest USB Extended Power Range (EPR) standard with charging power up to 240W Power Delivery (PD), more than enough for even the most powerful laptops to come.

Full Specs

P/N	44117
Data Transfer Rate	40Gbps
Charging Power	240W PD Extended Power Range (EPR)
Maximum Resolutions	Single 8K@30Hz Double 4K@60Hz
Connectors	USB Type-C
Cable Length	1m (3.3ft)
Intel Thunderbolt 4 Certified	Yes
USB-IF USB4 Certified	Yes

P/N	44835
Data Transfer Rate	40Gbps
Charging Power	240W PD Extended Power Range (EPR)
Maximum Resolutions	Single 8K@30Hz Double 4K@60Hz
Connectors	USB Type-C
Cable Length	2m (6.5ft)
Intel Thunderbolt 4 Certified	Yes
USB-IF USB4 Certified	Yes
