

Monoprice™

44465 Universal USB-C Docking Station

15-in-1 All-in-One USB-C Dock with Multiple Display Modes in a Small Package, Ready to Work Wherever You Are

The Monoprice 15-in-1 Universal Docking Station turns your laptop or PC into a complete workstation with just one USB-C (with DP Alt Modes) or Thunderbolt port. It features 4x 4K video outputs (2x HDMI + 2x DP), and allows up to triple external displays at once with any combination of the HDMI & DP ports. It also has 3x USB-C ports with 10Gbps data transfer, and one of them supports 30W PD downstream charging for your phones and tablets. The 3x USB-A ports are also 10Gbps (USB 3.2 Gen 2) to transfer large files in seconds, or simply for additional peripherals such as mouse, keyboard, headphones, or external storage devices. The docking station also features SD/MicroSD card slots (SD4.0 at 312MBps), Gigabit Ethernet, and 150W distributed power supply. Enjoy plug-and-play convenience, and wide compatibility with Windows, MacOS, and Thunderbolt.

- Supports 4x video outputs, 6 ultra-fast USB ports (10Gbps), SD/MicroSD card readers, Gigabit Ethernet, 3.5mm audio/microphone
- Supports up to 3x high-resolution external displays (any combination of HDMI & DP ports)
- 6x USB3.2 Gen2 ports with 10Gbps transfer speed
- 150W distributed power supply with max 96W for host charging
- USB-C port provides 30W PD fast charging for phones and tablets
- Plug-and-play
- Supports Windows, macOS, and Thunderbolt

MASSIVE EXPANDABILITY

Fully compatible with your USB-C (DP1.2 & 1.4 Alt Mode) and Thunderbolt laptops and desktops. With one cable connection, add multiple monitors, USB ports, SD/MicroSD card readers, and Ethernet for all your workstation needs.
