Ergonomic Wireless Split Keyboard

Wireless Split Ergonomic Full-Size Keyboard with Built-In Wrist Cushion Support

Monoprice™ Wireless Split Ergonomic Full-Size Keyboard with Built-In Wrist Cushion Support for your typing comfort and productivity. The split ergonomic keyboard design encourages natural hand positioning and reduces strain on your wrists and arms. The built-in wrist cushion elevates your comfort and provides a plush support that feels like a soft embrace during those typing marathons. Say goodbye to the hassle of cords and cables with its 2.4 GHz wireless connectivity. The included USB receiver ensures a stable and seamless connection to your device, offering the freedom to work from any corner of the room without compromise. Embrace the freedom of movement and organization that only wireless technology can provide. Its efficiency meets eco-consciousness with the auto-power save mode, ensuring that your keyboard conserves energy when not in use, while still maintaining peak performance. The keyboard operates effortlessly with two easily replaceable AA alkaline batteries, making sure you're never tethered to a power source. Whether you're a professional seeking an ergonomic edge or a multitasking enthusiast in need of seamless control, this keyboard is designed to cater to your every need.

Upgrade your workspace with the Wireless Split Ergonomic Full-Size Keyboard and experience typing in a whole new light. Embrace comfort, embrace innovation, and redefine the way you work. Your hands deserve the ultimate typing experience, and this keyboard delivers precisely that.
