44573 Pro 12U Quiet Rack

Effortlessly Display Multiple UHD Video Feeds on One Screen with the Blackbird Pro-Series 4K60 Multiviewer

Immerse Yourself in Silence and Performance

Introducing the Blackbird Pro 12U Quiet Rack, the perfect solution for professional AV installers, production companies, and IT professionals seeking a noise-free environment. Designed to deliver exceptional noise reduction (<15dB) with three integrated ultra-quiet cooling fans, this rack ensures seamless operations in noise-sensitive spaces like classrooms, offices, conference rooms, and home theaters.

Professional-Grade Features

The Blackbird Pro 12U Quiet Rack boasts a spacious 12U rack capacity, offering straightforward equipment organization and secure storage for servers, routers, UPS systems, switches, and audio/video devices. Its locking rear panel allows easy access to installed equipment while maintaining robust security against unauthorized access. The beech laminate cabinet complements any setting, ensuring a clean and professional appearance.

Unmatched Cooling Efficiency

Equipped with an assisted cooling mechanism, the integrated ultra-quiet fans keep your equipment running at optimal temperatures, ensuring peak performance even during intense AV sessions. Say goodbye to overheating worries and enjoy uninterrupted productivity.

Versatility and Applications

Ideal for a wide range of applications, the Blackbird Pro 12U Quiet Rack excels in corporate and business presentations, digital signage, control rooms, education facilities, hospitality venues, museums, medical imaging, and SOHO setups. Its versatility makes it the go-to choice for small business enterprises, audio/video streaming studios, and more.
