

Monoprice™

All-in-One Conference Room Dock

The Perfect Addition to Display and Communicate in Conference Rooms and Huddle Spaces

The Monoprice™ All-in-One Conference Room Dock is the ultimate solution for seamless communication and connectivity in conference rooms and huddle spaces. Whether it's an in-person meeting or a mixed meeting with on- and off-site teams, enhance conference calls, presentations, and collaborations with unparalleled audio quality and versatile connectivity options. Equipped with four omnidirectional ECM-integrated microphones, this all-in-one dock will let you experience crystal-clear audio even in a large meeting space, ensuring exceptional voice pickup, and eliminating muffled conversations during calls. With two HDMI® 2.0 ports, effortlessly connect multiple displays for vibrant visuals and stunning clarity during screen sharing and presentations, delivering impactful messages.

The PD USB-C® 100W port ensures lightning-fast charging for your USB-C®-enabled devices, keeping you powered up and connected throughout the workday. Stay connected with the RJ45 1GB Ethernet port that guarantees fast and stable network connections for your uninterrupted collaborations, file sharing, and video conferencing. Sleek and compact, the speakerphone dock blends elegantly into any office environment, boasting an intuitive user-friendly interface for easy setup and use. Upgrade your meeting experience and elevate connectivity with this indispensable office companion. Maximize productivity, collaboration, and communication with the Monoprice All-in-One Conference Room Dock.

- Compact Bluetooth® Wireless Office Conference Speakerphone Dock with advanced features for seamless communication and connectivity.
- Four omnidirectional ECM-integrated microphones ensure exceptional audio clarity and superior voice pickup even in large meeting rooms.
- Two HDMI® 2.0 ports enable seamless sharing for either a single display or a multi-display setup with vibrant visuals and stunning clarity.
- The RJ45 1GB Ethernet port offers a fast and stable network connection for uninterrupted collaboration, file sharing, and video conferencing.
- PD USB-C® 100W port provides lightning-fast charging for USB-C®-enabled devices, keeping you powered up throughout the workday.
- User-friendly interface and intuitive controls make setup and usage effortless, transforming any space into a professional conference room.

SIMPLE AND CLEAR AUDIO CONFERENCING

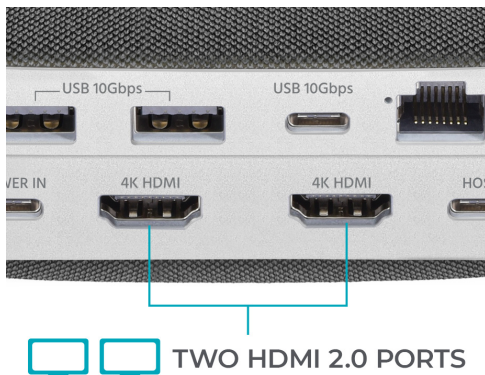

With connectivity and four omnidirectional ECM-integrated microphones, you have easy connection and superior audio clarity and voice pickup in meeting settings ranging from small huddle rooms to large conference rooms.

KEEP YOUR CONFERENCE ROOM PRESENTATION READY

With two USB-A and one USB-C® ports connect keyboards, mice, cameras, or other essential devices to ensure your meeting space is prepared with everything a presenter will need for a flawless presentation.

MULTI-DISPLAY CONNECTIVITY

Two HDMI 2.0 ports enable seamless screen sharing and presentations with vibrant visuals and stunning clarity whether presenting to a single display or 2 displays in larger meeting spaces.

STAY CHARGED DURING PRESENTATIONS AND MEETINGS

The USB-C® Connection provides 100W of power delivery* for lightning-fast charging for USB-C®-enabled laptops and mobile devices, keeping you powered up throughout the workday.

*Supports up to 100W PD, depending on the connected input power supply.
