

Monoprice™

DisplayPort® 2.1 Cable – 80Gbps, 8K HDR, 4K240, Ultra High-Speed, Black

Next-Gen 8K Connectivity for High-Refresh Gaming and Professional Visual Applications

Unlock the full potential of your high-performance displays with the Monoprice DisplayPort 2.1 Cable. Supporting bandwidths up to 80Gbps, it delivers stunning 8K HDR visuals and ultra-smooth 4K@240 gameplay with exceptional clarity and precision. Whether you're gaming competitively, editing high-resolution content, or expanding your workstation, this cable ensures uncompromised visual performance.

Engineered to exceed DisplayPort 2.1 specifications, it supports Dynamic HDR, Variable Refresh Rate (VRR), and advanced display technologies to keep motion sharp and colors accurate during fast-action scenes. The locking DisplayPort connector provides a secure, reliable fit, while the molded strain-relief design enhances durability for long-term, everyday use.

Compatible with a wide range of devices—including monitors, projectors, desktops, laptops, and docking stations—this cable offers the future-ready connectivity needed for next-generation displays. Available in lengths from 1.5 to 5 feet, it's perfect for high-end gaming setups, creative production environments, and professional workstations requiring stable, ultra high-speed video performance.

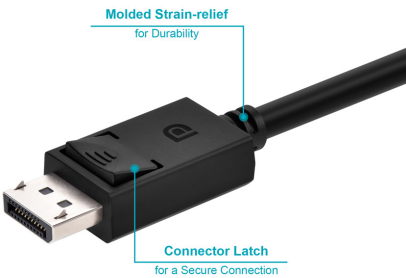

Lengths: 1.5, 3, and 5 feet

- Supports up to 80Gbps bandwidth for next-generation DisplayPort 2.1 performance
- Delivers 8K HDR visuals and 4K240 high-refresh gaming for ultra-smooth motion and clarity
- Compatible with Dynamic HDR and Variable Refresh Rate (VRR) technologies for lifelike contrast and tear-free gameplay
- Ideal for advanced gaming setups, professional workstations, and high-resolution displays
- Works with DisplayPort-equipped devices including monitors, projectors, desktops, laptops, and docking stations
- Locking DisplayPort connector ensures a secure connection that won't loosen during use
- Molded strain relief enhances durability and protects against wear in frequent-use environments
- Fully backward compatible with DisplayPort 1.4 and earlier for broad device support

ENHANCED VISUAL FIDELITY AND GAMEPLAY

Full compatibility with Dynamic HDR and VRR ensures deeper contrast, accurate color, and tear-free performance in high-action scenes.

SECURE AND DURABLE CONNECTION

A locking DisplayPort connector prevents accidental disconnections, while molded strain relief adds long-lasting durability.

OPTIMIZED FOR HIGH-PERFORMANCE DISPLAYS

Compatible with DisplayPort-enabled monitors, projectors, desktops, laptops, and docking stations. Ideal for versatile, high-end setups.

Full Specs

P/N	47605, 47606, 47607
Cable Type	DisplayPort 2.1
Bandwidth	80 Gbps
Resolution Support	8K HDR, 4K @ 240Hz
Refresh Rate Supported	High-Refresh Rate / VRR Support
HDR Support	Dynamic HDR
Connector Type	DisplayPort (Male-to-Male)
Connector Features	Locking Connector
Strain Relief	Molded Strain Relief
Compatibility	DisplayPort-Enabled Monitors, Projectors, Desktops, Laptops, Docking Stations
Backward Compatibility	Compatible with DP 1.4 and Earlier Versions
Color	Black
Available Lengths	1.5 ft, 3 ft, 5 ft

PACKAGE CONTENTS

1x Monoprice™ DisplayPort® 2.1 Cable
