

Monoprice™

8K Certified Ultra High-Speed HDMI® Cable – CL2 Rated, 48Gbps, Dynamic HDR, eARC, VRR, ALLM, Black

Engineered for Seamless Streaming, Responsive Gameplay, and Elevated Home Theater Performance

The Monoprice™ 8K Certified Ultra High-Speed HDMI® Cable – CL2 Rated delivers the performance and reliability required for today's most advanced entertainment and gaming systems. Officially certified by HDMI Licensing, this cable supports resolutions up to 8K@60Hz and 4K@120Hz, delivering ultra-sharp visuals, vibrant color, and smooth motion for home theater, gaming, and professional AV setups. With a bandwidth of up to 48Gbps, it ensures flawless transmission of high-resolution video and immersive multi-channel audio, including premium formats such as Dolby Atmos and DTS:X.

Full HDMI 2.1 feature support includes Dynamic HDR for lifelike contrast, Enhanced Audio Return Channel (eARC) for uncompromised audio, Variable Refresh Rate (VRR) for tear-free gaming, and Auto Low Latency Mode (ALLM) for reduced input lag. The CL2 flame-retardant jacket allows safe in-wall installation, while the premium build quality ensures long-term durability and consistent performance. Whether streaming, gaming, or enjoying cinematic 8K content, this cable delivers the speed, compatibility, and safety you can trust from Monoprice.

Lengths: 3, 6, 10, 15, 20, and 25 feet

- Officially certified ultra high-speed HDMI® cable ensures full compliance with HDMI 2.1 specifications
- Supports up to 8K@60Hz and 4K@120Hz resolutions for ultra-sharp visuals and smooth motion
- Delivers up to 48Gbps bandwidth for flawless high-resolution video and high-bitrate multi-channel audio
- Fully supports Dynamic HDR, eARC, VRR, and ALLM for a premium home theater and gaming experience
- CL2 flame-retardant jacket is rated safe for in-wall installations and custom AV setups
- Compatible with Dolby Vision, Dolby Atmos, DTS:X, and other advanced video/audio formats
- Triple shielding minimizes EMI and crosstalk for clean, uninterrupted signal transmission
- Ideal for TVs, projectors, AV receivers, gaming consoles, streaming devices, and professional AV systems

CERTIFIED FOR TRUE 8K
PERFORMANCE

Enjoy crystal-clear visuals up to 8K@60Hz and ultra-smooth 4K@120Hz, backed by official HDMI® ultra high-speed certification and 48Gbps bandwidth for flawless signal delivery.

SAFE FOR IN-WALL
INSTALLATIONS

The CL2 flame-retardant jacket meets building code requirements for in-wall use, making it perfect for clean and professional home theater or commercial AV setups.

FULL HDMI 2.1 FEATURE
SUPPORT

Experience lifelike picture and sound with support for Dynamic HDR, eARC for lossless audio, VRR for tear-free gaming, and ALLM for low-latency performance.
