

Monoprice™

4K Certified High-Speed HDMI® Cable – 4K60Hz, 18Gbps, HDR, CL2 Rated, Gold-Plated, Black

Enhanced Multimedia Experience with High Bandwidth and Professional-Grade Safety

The Monoprice™ 4K Certified High-Speed HDMI® Cable delivers reliable, high-performance connectivity for home theater, gaming, and professional AV setups. Officially certified to meet HDMI 2.0 specifications, it supports 4K resolution at 60Hz with HDR, providing sharp detail, smooth motion, and lifelike color. With a bandwidth of up to 18Gbps, this cable transmits high-resolution video and immersive multi-channel audio formats, including Dolby TrueHD and DTS-HD Master Audio, without signal loss or interference.

Designed with a CL2 flame-retardant jacket, it is safe for in-wall installations, making it ideal for clean, professional-looking home theater systems. Gold-plated connectors ensure corrosion resistance and stable signal transfer, while the durable PVC jacket enhances long-term reliability. Whether connecting your TV, projector, AV receiver, gaming console, or streaming device, this certified HDMI cable delivers the dependable performance and safety you expect from Monoprice.

Lengths: 3, 6, 10, 15, 20, 25, and 30 feet

- Certified high-speed HDMI® performance guarantees compliance with HDMI 2.0 specifications for dependable video and audio transmission
- Supports 4K at 60Hz with HDR for sharp detail, lifelike color, and smooth motion in movies, gaming, and streaming
- 18Gbps bandwidth capacity ensures flawless delivery of high-resolution video and immersive multi-channel audio formats
- CL2 flame-retardant jacket provides safety for in-wall installations, making it ideal for clean, professional AV setups
- Gold-plated connectors resist corrosion and maintain reliable signal integrity over time
- ARC support allows audio to pass from your TV to your receiver or soundbar without additional cables
- Universal HDMI® compatibility works seamlessly with TVs, projectors, AV receivers, gaming consoles, and streaming devices
- Durable PVC jacket offers long-term reliability and protection against everyday wear and tear

RELIABLE 4K ULTRA HD PERFORMANCE

Compliance with HDMI 2.0 specifications ensures flawless performance and delivery of 4K at 60Hz video and HDR content for stunning detail and lifelike visuals.

SAFE FOR IN-WALL INSTALLATIONS

CL2 flame-retardant jacket meets residential building code requirements, providing safety and peace of mind for clean, professional home theater setups.

BUILT FOR VERSATILITY AND LONGEVITY

Durable PVC jacket and universal HDMI compatibility make this cable ideal for TVs, projectors, AV receivers, gaming consoles, and streaming devices, all backed by Monoprice quality.
