

Monoprice™

8K Certified Ultra High-Speed Slim HDMI® Cable – 8K60, 4K120, 48Gbps, HDR, CL2 Rated, Gold-Plated, Black

Engineered for Reliable, High-Fidelity AV Performance in Demanding Setups

Experience stunning 8K visuals, ultra-smooth 4K gameplay, and the safety of in-wall rated construction with these Certified Ultra High-Speed Slim HDMI® Cables. Designed to meet HDMI 2.1 specifications, they deliver up to 48Gbps of bandwidth, supporting 8K at 60Hz and 4K at 120Hz with HDR for lifelike brightness, contrast, and color. Advanced features such as Variable Refresh Rate (VRR), Auto Low Latency Mode (ALLM), and Enhanced Audio Return Channel (eARC) ensure a seamless home theater and next-gen gaming experience.

The slim, flexible design makes these cables easy to route in tight spaces while maintaining the durability needed for everyday use. Featuring a CL2 flame-retardant jacket, they are safe for in-wall installations and comply with residential building code requirements for clean and professional setups. Gold-plated connectors resist corrosion and preserve signal integrity, while multi-layer shielding protects against electromagnetic interference. Official HDMI certification ensures full compliance with industry standards, providing reliable performance whether connecting 8K TVs, projectors, AV receivers, or gaming consoles.

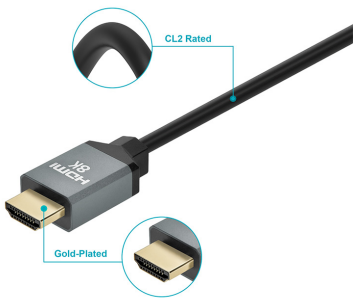

Lengths: 3, 4, and 6 feet

- Certified Ultra High-Speed HDMI® performance guarantees compliance with HDMI 2.1 specifications for reliable, future-proof connectivity
- Supports 8K at 60Hz and 4K at 120Hz for stunning clarity, lifelike detail, and ultra-smooth motion in movies, streaming, and gaming
- 48Gbps bandwidth capacity delivers flawless transmission of high-resolution video and advanced multi-channel audio
- HDR support including HDR10 and Dolby Vision™ ensures enhanced brightness, contrast, and dynamic color reproduction
- Slim, flexible design makes routing and installation easier in tight spaces while maintaining durability
- CL2 flame-retardant jacket provides safe in-wall installation that meets residential building code requirements
- Gold-plated connectors resist corrosion and preserve long-term signal quality for stable performance
- Robust shielding minimizes interference to maintain clear, uninterrupted video and audio signals

IMMERSIVE 8K AND 4K VISUALS

Supports 8K at 60Hz and 4K at 120Hz with 48Gbps bandwidth, delivering crisp detail, fluid motion, and lifelike color for home theater, gaming, and streaming.

SAFE FOR IN-WALL INSTALLATION

CL2 flame-retardant jacket meets building code requirements, making this cable safe for permanent installations in professional and residential setups.

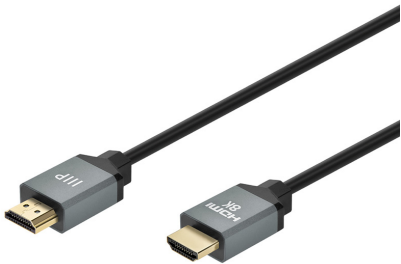

BUILT FOR RELIABLE CONNECTIVITY

Gold-plated connectors and multi-layer shielding maintain stable signal integrity while minimizing interference for consistent, high-quality performance.

Full Specs

P/N	47908, 47909, 47910
Cable Type	Certified Ultra High-Speed Slim HDMI® Cable
HDMI Version	HDMI 2.1
Bandwidth	Up to 48 Gbps
Resolution Support	Up to 8K @ 60Hz, 4K @ 120Hz
HDR Support	HDR, HDR10, Dolby Vision™, Deep Color
Audio Support	eARC, Dolby TrueHD®, DTS-HD Master Audio®, and Immersive Surround Formats
Connector Type	HDMI Type A (Standard), Male-to-Male
Connector Plating	Gold-Plated
Connector Shell Material	Aluminum Alloy
Cable Jacket Material	Black PVC, CL2 Flame-Retardant (In-Wall Rated)
Shielding	Multi-Layer Shielding with Copper Foil
Compliance	HDMI LA Certified, RoHS Compliant, Proposition 65
Additional Features	Slim profile for easy routing in tight spaces
Available Lengths	3 ft, 4 ft, 6 ft
Color	Black
