PACKAGE CONTENTS

Please take an inventory of the package contents to ensure you have all the items listed below. If anything is missing or damaged, please contact Monoprice Customer Service for a replacement.

1x USB microphone

1x Tripod stand

1x USB cable

1x Quick user guide

INSTALLATION

1. Connect the microphone to a computer or mobile device using the appropriate cable (USB or Lightning®). The blue status LED illuminates to indicate a successful connection.
2. Confirm that the **MP600202** is selected as the default audio device. Most computers and mobile devices will automatically detect the mic and assign it as the primary audio device. However, if your computer settings default to another device, open the sound control panel and select the **MP600202** as the input or recording device.

3. In your recording application, select the **MP600202** as the input source. Refer to your software user guide for information on assigning input sources.
4. The microphone is now ready to use!
