

MONOPRICE®

USB 2.0 Ethernet Adapter

(Low Power)

Quick Installation Guide

Verifying the Driver

For Windows XP® / Windows Vista® / Windows 7® users

To verify the driver of the Ethernet adapter, follow the step below to open the **Device Manager** on Windows®.

1. Following the path as below to open the device manager
Windows 7®: **Control Panel\System and Security\System\Device Manager**
Windows Vista®: **Control Panel\System Maintenance\Device Manager**
Windows 2000®/Windows XP®: **Control Panel\System\Hardware\Device Manager**
2. In the **Network adapters** group, an item named **ASIX Ethernet Adapter** should be listed.

For MAC OS® 10.x users

Once you finish the installation of Ethernet Adapter, please navigate to **System Profiler > Hardware > USB**, then you will find the driver of AX88772. Alternatively, navigate to **System Preference > Network**.

This Quick Installation Guide describes only the basic instructions on installation. For more information, please refer to the **User's Manual** burnt in CD.

Installing the Driver

Caution: DO NOT connect the Ethernet Adapter to your computer before installing the provided driver.

For Windows XP[®] / Windows Vista[®] / Windows 7[®] users

1. Insert the provided CD into your disc drive. Please locate and double-click the setup.exe file under x driver where x stands for your disc drive.
2. Click **<Next>** to continue the installation.
3. Click **<Install>** to execute this installation.
4. When the installation is done, click **<Finish>** (You may need to restate your computer as prompted on Windows 2000[®]).
5. Connect the end of Ethernet Adapter to a free USB port of your computer. Then a pop-up message will appear in the notification area indicating the installation is completed.
6. When the installation is completed. You can connect the adapter to a network device by an Ethernet cable.

For MAC OS[®] 10.x users

1. Insert the provided driver CD into your CD-ROM drive. Double-click the CD and navigate to the directory of \Mac\AX88772.
2. In the directory of AX88772, please double-click AX88772_3.4.0 to execute the installer program.
3. After the onscreen is prompted up, please click on **<Continue>** to go to the next step.
4. Select a destination volume to install driver software and click **<Continue>**.
5. Click **<Install>** to continue.
6. Make sure that you want to install this driver and the computer will be restarted once the installation is done. Click **<Continue Installation>** to continue this installation.
7. Click **<Restart>** to activate the new settings.
