

Monoprice™

Expandable Media Box with Duplex Receptacle, White

Manage your power and signal cables behind your flat screen TV

This commercial grade media box features a NEMA® 5-15 duplex power outlet, which is rated for 15 amps and 125 VAC. The box has an opening opposite the power outlet, which can be used for multiple cable pass-through or for a keystone installation. The kit includes a Flexible Opening plate for cable pass-through, a 6-port Keystone plate, and a Blank plate in case you don't want to use that section. It also features openings in the top and bottom for running low-voltage signal cables. It includes metal mounting wings, so you can attach it directly to drywall without requiring the use of a separate low-voltage mounting bracket.

- Low profile design fits behind the industry's thinnest mounts and TVs
- Conceal multiple AV cables and accessories behind your HDTV or other display device
- Wall box storage capacity increases by 75% when the expandable portion is extended into the wall
- Includes openings in the top and in the bottom
- Three (3) interchangeable plates are included to cover these openings, allowing for multiple configuration options
- Three (3) plates included: Flexible Opening Plate, 6-Port Keystone Plate, and Blank Plate
- 15 Amp/125 Volt Tamper-resistant Duplex Receptacle
- Outlet box included
- Metal mounting wings are attached to the media plate and fasten tightly against the back of the drywall
- Quick and easy to install

Installation Diagram

Use in conjunction with the Full-Size Rough-In Bracket (part #45-0102) for residential and commercial new construction.
