

Monoprice™

Blackbird™ 4K60 1x2 Video Splitter with HDMI®, 18Gbps

Connect a single HDMI video source to multiple Ultra HD displays.

Transform your audiovisual experience with the Blackbird™ 4K60 1x2 Video Splitter with HDMI®, the perfect tool for connecting a single HDMI source to multiple Ultra HD displays. Designed for precision and performance, this splitter guarantees unparalleled video quality with native support for resolutions of up to 4K60 4:4:4 12-bit, ensuring every detail is crystal clear. Say goodbye to compatibility worries with its built-in EDID (Extended Display Identification Data) management, which eliminates the infamous "black screen of death."

1.1 Unmatched Audio & Video Performance

The Blackbird™ splitter doesn't just deliver stunning visuals—it also supports a wide range of advanced audio formats, including LPCM, Dolby True HD, and DTS-HD Master Audio, making it a versatile addition to any AV setup. With comprehensive HDR (High Dynamic Range) support, you can enjoy vibrant colors and striking contrasts, bringing your content to life just as it was meant to be experienced.

1.2 Versatility for Every Need

Whether you're upgrading your home theater, sharing presentations in a professional setting, or displaying high-quality visuals in a commercial space, the Blackbird™ 4K60 1x2 Video Splitter with HDMI® is built for versatility. Its robust design ensures reliable performance, making it the ideal choice for gaming competitions, lecture halls, bars, restaurants, and more.

1.3 Why Choose Blackbird™ 4K60 1x2 Video Splitter with HDMI®?

- Supports Ultra HD resolution up to 4K60 4:4:4 12-bit for stunning visuals
- Comprehensive HDR support for vibrant colors and deep contrasts
- Compatible with advanced audio formats like Dolby True HD and DTS-HD Master Audio
- Built-in EDID management for seamless connection with multiple devices
- Durable and reliable for both professional and home applications

1.4 Experience the Difference

Update your AV setup with the Blackbird™ 4K60 1x2 Video Splitter with HDMI®. Whether it's for entertainment, work, or commercial use, this splitter ensures every screen delivers exceptional clarity and performance. Immerse yourself in content the way it was meant to be seen and heard.

- HDMI 2.0b and HDCP 2.2 compliant
- 18Gbps bandwidth supporting up to 4K60 4:4:4 12-bit
- HDR video support
- LPCM, Dolby Atmos/Digital/Plus/Ex, Dolby True HD, DTS, DTS-HD Master Audio
- Pass-through EDID ensures seamless compatibility between sources and displays

TOP TIER PERFORMANCE

Handles the ultimate in ultra-high-definition video, native 4K60 4:4:4 12-bit.

VIBRANT VIDEO

HDR video quality for the clearest, cleanest picture possible.

FURIOUS SOUND

LPCM, Dolby Atmos, Dolby True HD, and DTS-HD Master Audio put you in the middle of the action.
