DataComm Electronics' new Easy Mount Recessed Low Voltage Cable Plates are designed to be installed without "low voltage mounting plates" or "old work mud rings". The mounting wings are molded into the Easy Mount wall plate and fasten tightly against the back of the drywall.

Use the Easy Mount Recessed Low Voltage Cable Plate to install low voltage cables behind your flat panel TV, your amplifier or other audio and video devices. The wall plate can be installed upright or upside down. Mounting wings are designed for use in walls up to 1" in thickness.
