

Monoprice™

Commercial Series Push to Pop Out TV Wall Mount for Portrait Displays, Fits 45" to 70" TVs, Max Weight 154 lbs, VESA up to 600x400

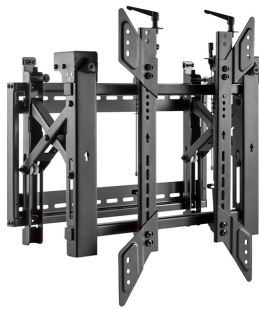

The Monoprice Commercial Series Push to Pop Out TV Wall Mount for Portrait Displays is a professional mounting solution for commercial video walls and digital signage where precise alignment and fast service access are required. Designed for portrait oriented displays from 45in to 70in, it allows the screen to sit flush to the wall during operation and extend outward for maintenance without removal.

This mount is engineered for AV installers supporting retail, corporate, control room, and hospitality environments where reliability, repeatable adjustment, and clean presentation matter.

PUSH TO POP OUT SERVICE ACCESS

A spring assisted push to pop out mechanism allows the display to extend forward when pressed, providing rear access for cable management, maintenance, and alignment. When closed, the mount retracts to a low profile position for a clean, flush appearance suitable for video walls.

MICRO ADJUSTMENT FOR PRECISE PORTRAIT VIDEO WALLS

The mount provides fine micro adjustment for height, depth, lateral positioning, rotation, and tilt ($\pm 3^\circ$). These adjustments allow precise bezel alignment without removing the display, which is critical for multi display portrait video wall installations.

SUPPORTS LARGE, HEAVY COMMERCIAL DISPLAYS

The mount supports displays weighing up to 154 lbs (70 kg) and screen sizes from 45in to 70in.

Heavy duty steel construction provides structural rigidity during adjustment and long term stability in commercial installations.

WIDE VESA COMPATIBILITY

Compatible VESA (Video Electronics Standards Association) mounting patterns include 200x200, 200x400, 300x300, 400x400, and 400x600, covering a broad range of professional digital signage displays.

Full Specs

Product ID	21878
Display Orientation	Portrait
Supported Screen Size	45in–70in
Maximum Load Capacity	154 lbs (70 kg)
VESA Compatibility	200x200, 200x400, 300x300, 400x400, 400x600
Tilt Adjustment	$\pm 3^\circ$
Adjustment Types	Pop out extension, height, depth, rotation, lateral alignment
Installation Environment	Indoor only
Construction Material	Steel
Product Weight	31.9 lbs (14.5 kg)
Dimensions (approx.)	31.5 x 27.2 x 8.3 in
Color	Black

PACKAGE CONTENTS

- Wall plate
- Push to pop out mounting module
- Display adapter brackets
- VESA adapter plates
- Complete mounting hardware kit
- Concrete anchors and washers
- Adjustment tools
- Printed installation instructions
