Any wall Type  
Brick, Concrete, Wood

Tilt Range  $+10^{\circ}/-5^{\circ}$

Swivel Range  $\pm 30^{\circ}$

Rotation Range  $\pm 5^{\circ}$

**Built-in Soundbar Bracket:** Enhance your audio by installing a soundbar onto the built-in VESA® compliant universal soundbar bracket.

**Comfortable Viewing with Pull-down Capability:** Often the best place to install your TV mount is above the fireplace, but doing so can cause neck strain from constantly looking up at the TV. This mount is the best of both worlds. Install your TV above the fireplace, where it is centrally located and out of the way, then pull it down to a comfortable viewing position!

**Included Accessories:** To make your mounting experience as simple and complete as possible, we include a number of practical accessories and tools to make the job easier.

## Specifications
