Commercial Series

3x1 MENU BOARD
TV WALL MOUNT

A seamless, professional mounting solution

For 3, 32" ~ 65" TVs with VESA® patterns up to 600x400 and weighing up to 110 lbs. each.
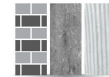

|				
VESA Compatible	**TESTED TO 4X CAPACITY**		Brick/Concrete/Wood	**TILT**
VESA® Patterns Between 100x100mm to 600x400mm	Weight Capacity up to 66 lbs.	Display Sizes Between 32" ~ 65"	Any Wall Type Brick, Concrete, or Wood	Tilt Range -6°/+15°

Effortlessly align displays with this hassle-free 3x1 Menu Board TV Wall Mount. The seamless mounting surface perfectly aligns two displays in either portrait or landscape orientation, creating a seamless menu board suitable for restaurants and other public venues. This wall mount is compatible with any wall type and works with 32" ~ 65" displays* weighing up to 66 pounds each. The displays can be independently tilted from -6° ~ +15°, ensuring that you can eliminate glare from any display.

Landscape or Portrait: Install your displays in either a horizontal or vertical orientation, allowing you to present your menu options in a way that best suits your offerings.

Seemless Design: The single-bar mounting plate ensures that your displays are perfectly aligned, creating a seamless menu board separately only by the display bezels. Each display can be independently tilted to eliminate any possible glare or reflections.

ADJUSTABLE TILT

Maximum weight capacity **66 lbs. each**

Minimum VESA® size of **100x100mm**

Maximum VESA® size of **600x400mm**
