

Blackbird™

1080p Video Extender with HDMI® Over Coaxial Cable Up to 100m

Extend High-Definition HDMI Video Up to 100 Meters Over 75-Ohm Coaxial Cable

Transform your audiovisual experience with the Blackbird™ 1080p Video Extender by Monoprice™. Designed for reliability and superior performance, this innovative device transmits crisp, high-definition HDMI signals up to an impressive 328 feet (100 meters) using a single RG-6 coaxial cable. This means you can often utilize pre-existing coaxial infrastructure in homes or commercial spaces, simplifying installation and reducing the need for costly new wiring. Whether you're setting up a home theater, a dynamic conference room, or a vibrant public display, the Blackbird™ extender ensures your content travels the distance—without sacrificing quality.

Engineered with cutting-edge technology, the Blackbird™ extender supports video resolutions up to 1080p@60Hz and delivers a robust video bandwidth of 6.75Gbps, ensuring stunning visuals with rich, vibrant colors. With Deep Color support up to 36 bits and impeccable digital audio fidelity at a 48-kHz LPCM sampling rate, every detail is faithfully reproduced for a truly immersive viewing and listening experience. HDCP™ 1.1 compliance secures your content, making it ideal for both professional and entertainment environments.

Installation is seamless and hassle-free: simply connect your HDMI devices with the transmitter and receiver units, and enjoy secure, equalized, and restored TMDs® data transmission. The package comes complete with everything you need, including two AC power adapters, mounting ears, and a user manual for quick and easy setup. Built for durability and versatility, the Blackbird™ extender operates smoothly within a wide temperature and humidity range, ensuring reliable performance in any environment.

Step into the future of HDMI connectivity—choose the Blackbird™ 1080p Video Extender by Monoprice™ and experience AV freedom without limits.

- Transmits HDMI video and audio signals up to 328ft (100m) via a single RG-6 coaxial cable
- Supports video resolutions up to 1080p@60Hz
- Supports 6.75Gbps video bandwidth
- Supports Deep Color up to 36 bits (12 bits per channel)
- Supports digital audio with an LPCM (Linear Pulse Code Modulation) sampling rate of 48kHz
- Comprehensive EDID® management for seamless device compatibility and easy setup
- Compliant with HDCP (High-bandwidth Digital Content Protection) 1.1
- Equalizes and restores incoming TMDs (Transition Minimized Differential Signaling) data at its native resolution before transmitting to the receiver

LONG-DISTANCE HDMI TRANSMISSION

Extends HDMI signals up to 328 feet (100 meters) using a single RG-6 coaxial cable.

FULL HD VIDEO SUPPORT

Delivers crisp video resolutions up to 1080p@60Hz for stunning clarity.

DEEP COLOR & AUDIO FIDELITY

Supports Deep Color up to 36 bits and digital audio at a 48kHz LPCM sampling rate.

	Weight	2.5 oz (70 g)	2.5 oz (70 g)
	Dimensions (L x W x H)	3.1" × 0.6" × 3.1" (80 mm × 16 mm × 80 mm)	3.1" × 0.6" × 3.1" (80 mm × 16 mm × 80 mm)
	Packaging Method	Corrugated Box	

PACKAGE CONTENTS

- 1x Video Extender with HDMI over Coaxial Cable (Transmitter)
- 1x Video Extender with HDMI over Coaxial Cable (Receiver)
- 4x Mounting Ears
- 8x Machine Screws
- 2x AC Power Adapters (DC 5 V / 1 A)
- 1x User Manual
