

 MONOPRICE™

Monoprice™

3-Port 100W GaN Charger (2 USB-C & 1 USB-A Ports)

Triple the Ports Maximum Power

Power multiple devices at once with the Monoprice™ 3-Port 100W GaN Charger, a high-performance charging solution designed for fast, efficient, and reliable power delivery. With two USB-C ports and one USB-A port, this charger supports simultaneous charging for up to three devices, making it an essential companion for home, office, or travel.

Built with advanced Gallium Nitride (GaN) technology, this charger is smaller, lighter, and more energy-efficient than traditional models while delivering up to 100W of total power. The USB-C ports support high-speed Power Delivery (PD), ensuring rapid charging for laptops, tablets, smartphones, and other USB-C devices, while the USB-A port provides reliable power for legacy devices.

Designed for universal compatibility, the Monoprice™ 3-Port 100W GaN Charger supports a 100-240V input range, making it ideal for domestic and international use. Its compact, travel-friendly design allows for easy portability, ensuring fast and convenient charging wherever you go.

Equipped with intelligent power distribution, this charger automatically adjusts output across connected devices to ensure safe and optimized charging for each. Built-in safety features, including overcurrent, overvoltage, overheating, and short-circuit protection, provide peace of mind for worry-free charging.

Upgrade to the Monoprice™ 3-Port 100W GaN Charger and experience fast, efficient, and travel-ready power for all your devices.

- 100W total output power delivers fast, efficient charging for laptops, tablets, smartphones, and more
- Three-port design includes two USB-C and one USB-A port for simultaneous multi-device charging
- GaN technology provides higher efficiency, lower heat output, and a more compact form factor
- Power Delivery (PD) support ensures optimized fast charging for USB-C devices
- Smart power distribution automatically adjusts output to maximize charging efficiency
- Universal compatibility supports MacBook, iPad, iPhone, Android devices, gaming consoles, and more
- Comprehensive safety protections include overcurrent, overvoltage, overheating, and short-circuit protection
- Compact, travel-friendly design with 100-240V input for use at home, work, or on the go

100W HIGH-SPEED CHARGING FOR ALL YOUR DEVICES

Charge laptops, tablets, smartphones, and more simultaneously with up to 100W of total power. Featuring two USB-C ports and one USB-A port, this charger ensures fast, efficient charging for both modern USB-C devices and legacy USB-A gadgets.

COMPACT AND EFFICIENT GAN TECHNOLOGY

Built with next-generation Gallium Nitride (GaN) technology, this charger is smaller, cooler, and more energy-efficient than traditional models. Less heat, better performance, and a travel-friendly form factor make it the perfect power solution for work or travel.

SMART POWER DISTRIBUTION FOR OPTIMIZED CHARGING

Equipped with intelligent power management, this charger automatically detects and adjusts output to deliver the right amount of power to each connected device. Whether charging a MacBook, iPad, iPhone, Android device, or gaming console, it ensures fast, safe, and efficient performance.

Full Specs

P/N	46712
Total Output Power	100W Max
Input Power	100-240V, 50/60Hz, 2.0A
USB-C Ports	2 USB-C Ports
USB-A Ports	1 USB-A Port
Single-Port Output (USB-C1/C2)	5V/3A (15W), 9V/3A (27W), 15V/3A (45W), 20V/5A (100W Max)
Single-Port Output (USB-A)	5V/3A (15W), 9V/2A (18W), 12V/1.5A (18W), 10V/2.25A (22.5W Max)
Dual-Port Output (USB-C1 + USB-C2)	70W Max + 30W Max
Dual-Port Output (USB-C1 + USB-A)	70W Max + 18W Max
Dual-Port Output (USB-C2 + USB-A)	12W + 12W
Three-Port Output (USB-C1 + USB-C2 + USB-A)	70W Max + 12W + 12W
Technology	Gallium Nitride (GaN)
Power Delivery	USB PD
Efficiency	85.77% Active Efficiency, 70.79% at Low Load (10%)
No-Load Power Consumption	0.26W
Design	Compact, Travel-Friendly Form Factor

PACKAGE CONTENTS

- 1x 3-Port 100W GaN Charger
- 1x User Manual
