

Monoprice™

100W USB-C 4-Port GaN Desktop Charger

One Charger. Four Devices. Maximum Speed.

Power up all your devices with the Monoprice™ 100W USB-C 4-Port GaN Desktop Charger—, a high-performance charging solution designed for efficiency, speed, and safety. Featuring three USB-C ports and one USB-A port, this desktop charger supports simultaneous charging for up to four devices, making it the perfect companion for home, office, or travel.

Built with advanced Gallium Nitride (GaN) technology, this charger offers higher power efficiency, reduced heat, and a more compact design compared to traditional chargers. With a maximum output of 100W, it delivers high-speed charging for laptops, smartphones, tablets, gaming consoles, and more. Whether you need to power an iPhone®, iPad®, MacBook®, Android™ device, or USB-C accessories, this charger intelligently distributes power for optimal performance.

Designed for durability, its sleek, gap-free construction enhances heat dissipation while maintaining a modern, minimalist aesthetic. Constructed from fire-resistant PC+ABS materials, it ensures superior safety and longevity. Equipped with built-in overload, overvoltage, overcurrent, and short circuit protection, this charger safeguards both your devices and workspace from electrical hazards.

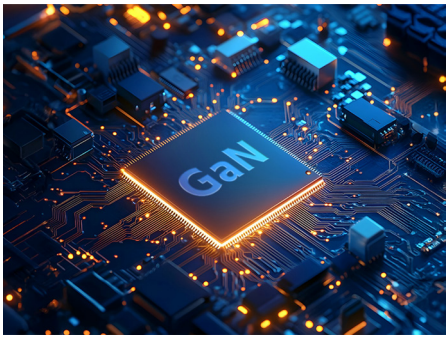

With universal 100-240V input compatibility, the Monoprice™ 100W USB-C 4-Port GaN Desktop Charger is the ideal power hub for fast, reliable, and efficient charging—wherever you go.

- 100W high-speed charging powers laptops, tablets, smartphones, and more with fast and efficient performance
- Four-port charging solution with three USB-C ports and one USB-A port allow simultaneous charging for up to four devices
- Advanced GaN technology delivers superior power efficiency, reduced heat, and a compact design
- Smart power distribution automatically adjusts power output to optimize charging for each
- Universal compatibility supports USB-C and USB-A devices, including MacBook®, iPad®, iPhone®, Android™, and gaming consoles
- Sleek, heat-dissipating design enhances durability while maintaining a modern, gap-free appearance
- Comprehensive safety protections include overload, overvoltage, overcurrent, and short circuit protection
- Travel-ready with 100-240V input for global use, making it the perfect charging hub at home or on the go

100W HIGH-SPEED CHARGING FOR ALL YOUR DEVICES

Charge laptops, tablets, smartphones, and more simultaneously with up to 100W of total power. With three USB-C ports and one USB-A port, this fast-charging hub keeps your devices powered up efficiently—whether you're at home, in the office, or on the go.

COMPACT AND EFFICIENT GAN TECHNOLOGY

Built with next-generation Gallium Nitride (GaN) technology, this charger is smaller, cooler, and more energy-efficient than traditional models. It's sleek, gap-free design enhances heat dissipation, ensuring a compact yet powerful charging

INTELLIGENT POWER DISTRIBUTION

This charger automatically detects and adjusts power output for each connected device, optimizing charging speed and efficiency. Whether charging a MacBook®, iPad®, iPhone®, Android™, or gaming console, every device gets the right amount of power—fast, safe, and hassle-free.

Full Specs

PN	46820
Total Output Power	100W Max
Input Power	100-240V, 50/60Hz, 1.5A MaxUSB-C1 Output
USB-C1 Output	3.3-21V/5A, 5V/3A, 9V/3A, 12V/3A, 15V/3A, 20V/5A (100W)
USB-C2 Output	3.3-21V/5A, 5V/3A, 9V/3A, 12V/3A, 15V/3A, 20V/5A (100W)
USB-C3 Output	3.3-11V/5A, 5V/3A, 9V/3A, 12V/3A, 15V/3A, 20V/3.25A (65W)
USB-A Output	4.5V/5A, 5V/4.5A, 5V/3A, 9V/3A, 12V/2.5A, 20V/1.5A (30W)
Protection Features	Overload, Overvoltage, Overcurrent, Short Circuit
Technology	Gallium Nitride (GaN)
Port Configuration	Three USB-C Ports, One USB-A Port
Certifications	ETL, FCC, DOE, CEC
Design	Sleek, gap-free, heat-dissipating structure

PACKAGE CONTENTS

- 1x 4-Port 100W GaN Desktop Charger
- 1x AC Power Cord (1.5 meters/4.92 feet)
- 1x User Manual
