

Monoprice™

14-in-1 USB-C® Dual 4K Display Docking Station with PD 3.0 100W Charging

All-in-One 4K Dual Display Docking Hub with High-Speed Data, Power Delivery, and Multi-Function Connectivity

Experience Seamless Connectivity and Charging for All Your Devices

Unlock the full potential of your workspace with the Monoprice 14-in-1 USB-C Dual 4K Display Docking Station with PD 3.0 100W Charging. Designed as the ultimate hub for power, data, audio, video, and connectivity, this advanced docking station brings together everything you need for high-performance productivity. Whether you're a creative professional, business user, or tech enthusiast, enjoy effortless integration for laptops, displays, peripherals, and more—all from a single, sleek device.

Featuring cutting-edge dual HDMI® ports, the docking station supports up to 4K@60 video output per port, delivering stunning clarity for multitasking and multimedia applications. Windows® users benefit from simultaneous dual-display output under MST mode, while Mac® systems enjoy dual 4K@60 output under SST mode for an exceptional visual experience. DisplayPort® 1.4 Alt Mode ensures compatibility with the latest host devices, and HDCP™ support helps protect your content.

Expand your connectivity with seven versatile USB data ports, including ultra-fast USB-C Gen 2 and USB-A Gen 2 options that deliver up to 10Gbps of bandwidth. Power your devices efficiently with Power Delivery 3.0, supplying up to 100W of charging capacity and intelligent Smart Power management that automatically adjusts output for optimal performance. For reliable wired networking, the built-in Gigabit Ethernet port delivers stable connections. Effortlessly transfer files using the dual SD™ and microSD™ card slots, and enjoy high-quality audio playback and recording through the 3.5mm audio jack. Choose the Monoprice 14-in-1 4K60 Docking Station for a seamless, high-performance workspace—where innovation and reliability come together.

- Supports dual HDMI outputs, each capable of up to 4K resolution at 60 Hz for ultra-high-definition displays
- Compatible with both Windows (MST mode: dual 4K@30) and Mac (SST mode: dual 4K@60) systems for versatile multi-display setups
- Offers seven USB data ports, including USB-C Gen 2 (10Gbps), USB-A Gen 2 (10Gbps), USB-A Gen 1 (5Gbps), and USB-A 2.0 ports for fast connectivity and charging
- Equipped with a Gigabit Ethernet port (10/100/1000Mbps) for reliable, high-speed network access and Wake-on-LAN support
- Features dual SD and microSD card slots, both operable simultaneously, supporting UHS-I high-speed data transfer up to 104MB/s
- Includes a 3.5mm audio port supporting sample rates up to 192kHz and auto-detection for CTIA & OMTP standards
- USB-C PD 3.0 charging port delivers up to 100W power with Smart Power management, dynamically adjusting output for connected devices
- All USB ports provide short-circuit and overcurrent protection for enhanced device safety
- Compact and sturdy construction supports horizontal or vertical use with the removable stand
- Certified for FCC compliance and backed by a 1-year limited warranty for peace of mind

VERSATILE COMPATIBILITY

Works seamlessly with Windows (MST) and Mac (SST) systems, enabling flexible multi-display arrangements.

SIMULTANEOUS SD & MICROSD ACCESS

Features dual SD and microSD slots that can operate at the same time, supporting high-speed UHS-I data transfers.

POWERFUL USB-C CHARGING

Delivers up to 100W through the USB-C PD 3.0 charging port, with Smart Power management to protect connected devices.
