

Monoprice™

USB-C® to DisplayPort® 1.4 Cable – 8K60, 4K120, 32.4Gbps HBR3, HDR, Black

Enhanced Multimedia Experience with High Bandwidth and Professional-Grade Safety

Transform your workspace or gaming setup with the Monoprice USB-C to DisplayPort 1.4 Cable. Supporting resolutions up to 8K@60 and 4K@120, this high-bandwidth cable connects USB-C laptops, tablets, or smartphones to DisplayPort monitors for exceptional clarity and fluid motion. Built for creators, gamers, and professionals, it combines a 32.4Gbps HBR3 data rate, HDR color performance, and secure latch connectors to ensure stable, long-lasting connections.

Engineered to meet the DisplayPort 1.4 specification, this cable delivers reliable signal integrity through its gold-plated connectors, durable PVC jacket, and an external PCB that enhances performance and reduces interference. Compatible with devices that support DisplayPort Alt Mode, it easily handles Mirror, Extended, and Clamshell display configurations.

Available in 3, 6, and 10-foot lengths, the Monoprice USB-C to DisplayPort 1.4 Cable is the perfect solution for home theaters, conference rooms, gaming setups, and professional workstations—delivering the performance and reliability your high-resolution displays demand.

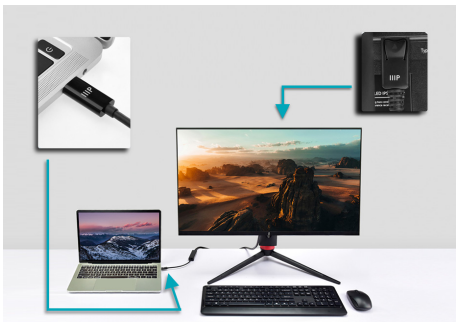

Lengths: 3, 6, and 10 feet

- Supports up to 8K60 and 4K120 resolutions for ultra-sharp detail and smooth, lifelike visuals
- Complies with the DisplayPort 1.4 HBR3 standard, delivering up to 32.4Gbps bandwidth for high-performance displays
- HDR-compatible for vibrant color, deep contrast, and true-to-life image reproduction
- Connect USB-C laptops, tablets, and smartphones to DisplayPort-enabled monitors, projectors, and displays
- Gold-plated connectors and secure latch design ensure a reliable, stable connection that resists signal loss
- Built-in external PCB improves signal integrity and minimizes electromagnetic interference
- Durable PVC jacket provides flexibility and long-lasting protection in professional or home setups
- Compatible with Mirror, Extended, and Clamshell display modes for versatile workspace and entertainment configurations

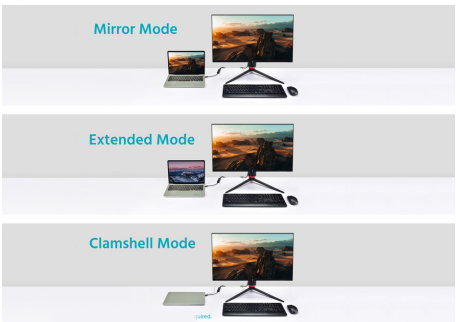

CINEMATIC 8K RESOLUTION AND SMOOTH 4K PERFORMANCE

Unlock breathtaking visuals up to 8K@60 or 4K@120, ensuring crystal-clear image quality and seamless motion for gaming, creative work, and professional displays.

RELIABLE SIGNAL INTEGRITY AND LONGEVITY

An integrated external PCB, gold-plated connectors, and a secure latch design maintain signal stability while reducing interference and wear for consistent, long-term reliability.

VERSATILE COMPATIBILITY AND SETUP FLEXIBILITY

Connects USB-C devices that support DisplayPort Alt Mode to DisplayPort monitors and projectors, with full support for Mirror, Extended, and Clamshell display modes.

Full Specs

P/N	47792, 47793, 47794
Cable Type	USB-C to DisplayPort 1.4
Resolutions Supported	8K @ 60Hz, 4K @ 120Hz
Bandwidth	32.4 Gbps (HBR3)
DisplayPort Version	1.4
HDR Support	Yes
Connector Type	USB-C Male to DisplayPort Male
Connector Finish	Gold-Plated
Signal Integrity	External PCB for Enhanced Stability
Cable Jacket Material	PVC
Display Modes Supported	Mirror, Extended, Clamshell
Compatibility	USB-C
Compliance Standards	DisplayPort 1.4 Specifications, RoHS Compliant
Available Lengths	3 ft, 6 ft, 10 ft
Color	Black
