

Monoprice™

USB-C to HDMI 2.1 Active Cable – 8K60Hz, Ultra High-Speed, Black

High-Speed 8K Video from Your USB-C Device—No Adapters Needed

Easily connect USB-C devices to HDMI-enabled displays with the Monoprice™ USB-C to HDMI 2.1 Active Cable—the ideal solution for high-performance video output in home, office, and professional AV environments. Supporting resolutions up to 8K60Hz and 4K120Hz, this cable delivers ultra-sharp visuals, vibrant colors, and smooth motion for everything from high-end workstations to immersive home theater setups. The active chipset ensures signal stability across longer runs, while HDMI 2.1 compliance unlocks advanced features like Dynamic HDR, Variable Refresh Rate (VRR), and Auto Low Latency Mode (ALLM).

Whether you're connecting a MacBook, Chromebook, gaming laptop, or USB-C docking station, this cable allows seamless video transmission to 8K or 4K displays without the need for external adapters. With plug-and-play convenience and a durable build, it's the perfect bridge between modern USB-C devices and HDMI 2.1 displays—delivering powerful performance in a single, compact connection.

- Supports up to 8K60Hz and 4K120Hz resolution for ultra-high-definition video output
- HDMI 2.1 compliant, with support for Dynamic HDR, VRR, ALLM, and enhanced bandwidth
- Active chipset ensures stable signal transmission—even over longer cable lengths
- Enables direct video output from USB-C laptops, tablets, and docking stations to HDMI displays
- Ideal for use with MacBooks, Chromebooks, Windows laptops, and other USB-C DisplayPort Alt Mode devices
- Plug-and-play design requires no drivers or external power—just connect and go
- Durable construction with reinforced strain relief for long-lasting, reliable performance
- Perfect for home theaters, professional presentations, gaming setups, and high-resolution video workflows

STUNNING 8K60HZ AND 4K120HZ VIDEO OUTPUT

Enjoy crystal-clear resolution and smooth motion with support for up to 8K60Hz and 4K120Hz, perfect for gaming, high-resolution media, and professional video applications.

HDMI 2.1 COMPLIANCE WITH ADVANCED FEATURES

Unlock the full potential of modern displays with support for Dynamic HDR, Variable Refresh Rate (VRR), and Auto Low Latency Mode (ALLM), delivering vivid color, smoother visuals, and reduced lag.

DIRECT USB-C TO HDMI CONNECTION WITHOUT ADAPTERS

Connect USB-C laptops, tablets, and docking stations directly to HDMI displays—no dongles, converters, or drivers required for quick, clutter-free setups.

Full Specs

P/N	47795, 47796, 47797
Cable Type	USB-C to HDMI 2.1 Active Cable
USB Side Interface	USB-C (DisplayPort Alt Mode Required)
HDMI Side Interface	HDMI Type-A (Male)
HDMI Version	HDMI 2.1
Resolution Support	Up to 8K@60 Hz, 4K@120 Hz
Bandwidth	Up to 48 Gbps
Chipset Type	Active (Built-in Signal Processor)
HDR Support	Dynamic HDR, HDR10, Dolby Vision
Refresh Rate Features	Variable Refresh Rate (VRR), Auto Low Latency Mode (ALLM)
Audio Support	Dolby Atmos®, DTS:X®, eARC Compatible
Plug-and-Play	Yes (No drivers or external power required)
Compatibility	USB-C devices with DisplayPort Alt Mode
Available Lengths	3 ft, 6 ft, 10 ft
Color	Black
