

Monoprice™

Cat6A Ethernet Patch Cable - Slim, Flat, U/FTP, 30AWG, Molded Boot

High-Speed 10G Networking in a Slim, Space-Saving Design

The Monoprice™ Cat6A Slim Flat Ethernet Patch Cable delivers high-performance 10 Gigabit networking in a compact, space-saving design. Engineered with 30AWG stranded pure bare copper conductors and U/FTP (Unshielded Foiled Twisted Pair) shielding, it supports bandwidths up to 550MHz and ensures stable, interference-free data transmission. Its ultra-slim, flat profile is perfect for tight spaces, under carpets, or behind equipment—reducing clutter without compromising speed or reliability. A molded strain-relief boot adds durability and protects the RJ45 connectors during frequent plugging and unplugging, while the flexible design simplifies routing and installation. Ideal for home, office, or data center setups, this cable meets TIA/EIA-568-C.2 standards and provide a dependable solution for streaming, gaming, and high-bandwidth applications.

- Supports 10 Gigabit Ethernet and 550MHz bandwidth for reliable high-speed networking and data-intensive applications
- Constructed with 30AWG stranded pure bare copper conductors to ensure superior conductivity and consistent signal quality
- U/FTP shielding design minimizes electromagnetic interference and crosstalk for cleaner, more stable connections
- Ultra-slim, flat profile allows easy routing under carpets, along walls, or behind furniture without adding bulk
- Molded strain-relief boot enhances durability and protects the RJ45 connectors from bending or cable stress
- Flexible design simplifies installation in tight spaces and helps with clean, professional cable management
- Complies with TIA/EIA-568-C.2 standards for performance and compatibility in residential, office, and data center environments
- Available in multiple lengths and colors to accommodate various network setups and aesthetic preferences

HIGH-SPEED 10G NETWORK PERFORMANCE

Achieve reliable 10 Gigabit Ethernet speeds with 550MHz bandwidth, powered by 30AWG stranded pure bare copper conductors for consistent, high-quality signal transmission.

SLIM, FLAT DESIGN FOR EASY ROUTING

The ultra-slim, flat profile reduces clutter and easily fits under carpets, along baseboards, or behind furniture—perfect for clean, space-saving installations.

SHIELDED FOR STABLE, INTERFERENCE-FREE SIGNALS

U/FTP shielding minimizes electromagnetic interference and crosstalk, ensuring stable connections for streaming, gaming, and other high-bandwidth applications.

Full Specs

P/N	48090, 48089, 48088, 48087, 48086, 48085, 48084, 48083, 48082, 48081, 48080, 48079, 48078, 48077, 48076, 48075, 48074, 48073, 48072, 48071, 48070, 48069, 48068, 48067, 48066, 48065, 48064, 48063, 48062, 48061, 48060, 48059, 48058, 48057, 48056, 48055
Cable Type	Cat6A Slim Flat Ethernet Patch Cable
Ethernet Compatibility	10GBase-T (10 Gigabit Ethernet)
Bandwidth	550 MHz
Conductor Type	Stranded, Pure Bare Copper
Conductor Gauge	30 AWG
Shielding	U/FTP (Unshielded Foiled Twisted Pair)
Jacket Material	PVC
Boot Type	Molded Strain-Relief Boot
Connector Type	RJ45 Male to RJ45 Male
Compliance Standards	TIA/EIA-568-C.2, RoHS Compliant
Color Options	Black, Blue, White (varies by SKU)
Length Options	0.5 ft to 50 ft (varies by SKU)
