

Monoprice™

Commercial Series 4x1 TV Ceiling Mount for Portrait Display Menu Boards, Fits 32" to 65" TVs with Adjustable Tilt

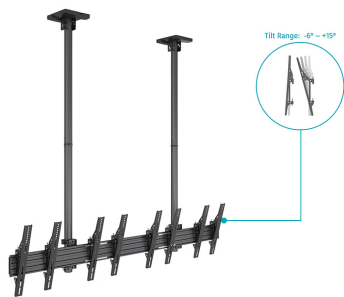

The Monoprice Commercial Series 4x1 TV Ceiling Mount (P/N 49336) is designed for professional menu board and digital signage installations using four portrait oriented displays. It supports 32" to 65" TVs, provides adjustable tilt for improved viewing angles, and offers a compact vertical layout optimised for portrait content.

This mount is ideal for applications where vertical screen orientation maximises content density while maintaining clean alignment from a single ceiling drop.

FOUR PORTRAIT DISPLAYS FROM A SINGLE CEILING DROP

The mount uses a vertical rail system engineered for a 4x1 portrait configuration, supporting four displays from a single ceiling pole assembly. This layout is intended for digital menus and information boards where vertical content presentation is preferred.

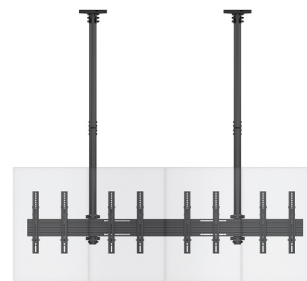

ADJUSTABLE TILT FOR VIEWER READABILITY

Each display interface supports fixed tilt positions up to 15°, allowing installers to adjust viewing angles based on ceiling height and audience position.

COMPACT DROP RANGE FOR STANDARD COMMERCIAL CEILINGS

The ceiling pole provides an adjustable vertical drop from 22.8 in (580 mm) minimum to 118.5 in (3010 mm) maximum, making it suitable for restaurants, retail spaces, and indoor commercial environments with standard ceiling heights.

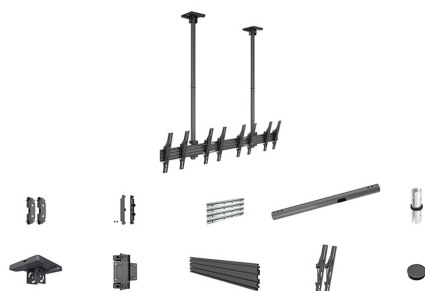

PORTRAIT ORIENTATION SUPPORT

The mount supports 90° portrait orientation, ensuring proper display alignment and secure mounting for vertically oriented TVs.

Full Specs

Mount Configuration	4×1 ceiling mount
Display Orientation	Portrait
Supported Screen Size	32"–65"
Tilt Adjustment	Up to 15°
Rotation Support	90° portrait
Minimum Ceiling Drop	22.8 in (580 mm)
Maximum Ceiling Drop	118.5 in (3010 mm)
Horizontal Rail Width	~15.8 in (402 mm)
Construction Material	Steel
Installation Type	Ceiling
Indoor / Outdoor	Indoor only
