

Monoprice™

Commercial Series Heavy-Duty Long Pole Ceiling Mount for Back to Back Landscape Displays, Fits 43" – 86" TVs

The Monoprice Commercial Series Heavy-Duty Long Pole Ceiling Mount is a professional ceiling-suspension solution designed to mount two large displays back-to-back from a single ceiling drop. It supports 43" to 86" landscape displays, delivering controlled tilt, swivel, and rotation for clean, high-visibility installs in retail, transportation, and public venues where content must be seen from opposite directions.

BACK-TO-BACK DUAL-DISPLAY CONFIGURATION

The dual-interface design supports two landscape displays mounted back-to-back, enabling content visibility from both sides of a walkway or open space. Each display mounts independently to the central pole assembly.

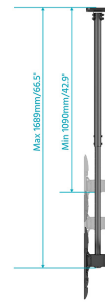

SUPPORTS LARGE COMMERCIAL DISPLAYS

Each display supports up to 110 lb (50 kg), allowing use with large-format commercial panels within the supported size range. Load ratings are defined in the approved specification and user manual.

WIDE VESA COMPATIBILITY

Compatible with VESA® mounting patterns from 200×200 to 600×400, covering the majority of 43"–86" flat or curved landscape displays used in signage and corporate environments.

LONG-POLE DROP FOR HIGH CEILINGS

The telescoping pole provides an adjustable ceiling-to-display drop range of approximately 51.4" to 74.9" (1305–1905 mm ±15 mm), allowing alignment with sightlines in large open interiors.

Full Specs

Product Number	49347
Display Configuration	Back-to-back dual displays
Supported Screen Size	43" – 86" (each display)
Maximum Load Capacity	110 lb ×2 (50 kg ×2)
VESA Compatibility	200×200 to 600×400
Vertical Drop Range	51.4" – 74.9" (1305–1905 mm ±15 mm)
Tilt Range	–20° to +5°
Level Adjustment	±3°
Swivel Range	±60°
Rotation	±180°
Intended Use	Indoor, commercial
Net Weight	~21.3 lb (9.7 kg)
Construction Material	Steel
