

Monoprice™

Commercial Series Heavy Duty Free Standing Large Screen Floor Mount for Back to Back Portrait Displays, Fits 43" – 90" TVs

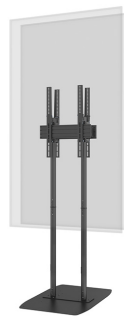

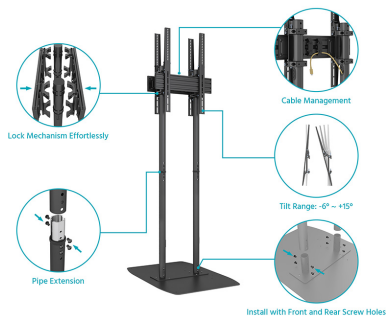

The Monoprice Commercial Series Heavy Duty Free Standing Large Screen Floor Mount for Back to Back Portrait Displays is designed for dual sided digital signage applications where visibility from both directions is required. Supporting two portrait oriented displays mounted back to back, this freestanding solution delivers a stable, professional mounting system for indoor commercial environments without requiring wall or ceiling attachment.

The mount is well suited for wayfinding, advertising, and information signage in open areas such as lobbies, malls, atriums, and transportation hubs.

BACK TO BACK DUAL DISPLAY CONFIGURATION

Designed to support two flat panel displays installed back to back in portrait orientation, allowing content to be viewed from opposite directions. This configuration maximizes signage exposure while maintaining a compact floor footprint.

FREE STANDING FLOOR MOUNT DESIGN

A self supporting base and vertical support structure securely hold both displays without attachment to surrounding walls or ceilings. Intended for indoor installation on stable, level flooring.

PORTRAIT ONLY DISPLAY ORIENTATION

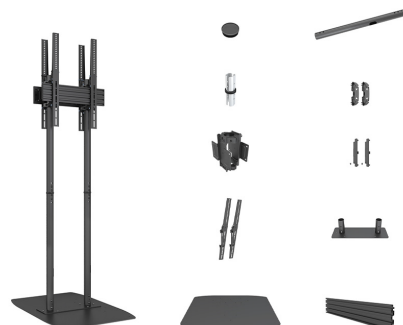

The mounting interface is designed specifically for portrait orientation, supporting vertical signage layouts commonly used for directories, promotions, menus, and informational displays.

SUPPORTS LARGE DISPLAYS FROM 43" TO 90"

Compatible with flat panel displays ranging from 43 inches to 90 inches per screen, using standard VESA compatible mounting interfaces.
