

Monoprice™

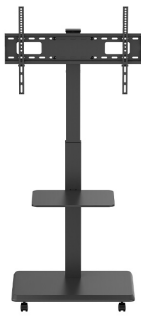

Monoprice Commercial Series Rolling Stand for Landscape Displays with Storage Shelf, Fits 37" to 75" TVs

The Monoprice Commercial Series Rolling Stand is a mobile, floor standing solution designed for large landscape oriented displays in professional environments. It supports 37" to 75" flat or curved TVs up to 110 lb (50 kg) and includes a built in storage shelf for AV equipment, making it well suited for offices, classrooms, and conference rooms where displays need to move between spaces.

MOBILE FLOOR STANDING DISPLAY SUPPORT

This stand enables large displays to be deployed without wall mounting. A freestanding steel frame combined with smooth rolling casters allows displays to be repositioned safely between rooms, supporting temporary installations and shared spaces where flexibility is required.

WIDE DISPLAY SIZE AND WEIGHT COMPATIBILITY

The stand supports larger commercial displays used in professional settings. It accommodates flat or curved TVs from 37" to 75" and supports a maximum display weight of 110 lb (50 kg), providing stable support for larger screens.

VESA MOUNTING STANDARD SUPPORT

The mounting interface is compatible with common commercial display standards. It supports Video Electronics Standards Association (VESA) mounting patterns from 200×200 to 600×400, covering most displays within the supported size range.

INTEGRATED EQUIPMENT STORAGE SHELF

The integrated shelf keeps essential AV hardware organized at the display location. Rated to support up to 11 lb (5 kg), the shelf is suitable for media players, mini-PCs, or wireless presentation devices.

Full Specs

Product Number	49358
Product Type	Rolling TV Stand
Supported Display Size	37" – 75"
Supported Orientation	Landscape
Maximum TV Weight	110 lb (50 kg)
Maximum Shelf Load	11 lb (5 kg)
