Commercial Series Push to Pop Out Video Wall TV Mount for Large Screen Displays Fits 85" to 120" TVs

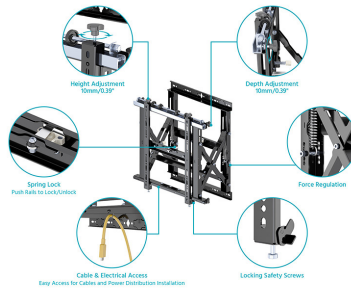

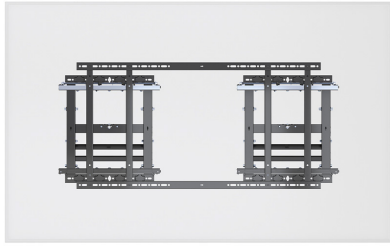

The Monoprice Commercial Series Push to Pop Out Video Wall TV Mount for Large Screen Displays is a commercial grade solution engineered for very large, heavy video wall panels. Designed for professional AV installations, it allows individual displays to extend forward for service access and then retract into a precise, flush video wall alignment.

Ideal for environments where clean presentation, structural strength, and long term serviceability are critical, including corporate lobbies, control rooms, broadcast environments, and public venues.

PUSH TO POP OUT SERVICE ACCESS

The mount uses a scissor style push to pop out mechanism that allows a single display to extend outward from the wall for cable access or servicing. Once service is complete, the mechanism retracts smoothly, returning the display to its flush position without disturbing adjacent video wall panels.

DESIGNED FOR LARGE FORMAT VIDEO WALLS

Designed for flat panel displays measuring 85 inches to 120 inches, the mount supports a maximum display weight of 308 lb (140 kg) per screen, making it suitable for today's largest commercial LCD displays and LED backlit panels.

FLUSH VIDEO WALL ALIGNMENT

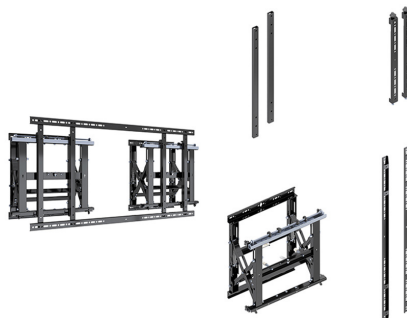

When closed, the mount locks the display into a fixed, flush position relative to the wall. This ensures consistent depth and alignment across multi panel video walls, helping minimize visible gaps and uneven screen planes.

WIDE VESA COMPATIBILITY

Compatible with a broad range of VESA mounting patterns from 200 × 200 mm up to 1200 × 600 mm, supporting most large format professional displays without additional adapters.

Full Specs

Product Series	Monoprice Commercial Series
Mount Type	Push to pop out video wall mount
Supported Screen Size	85" – 120"
Orientation	Landscape or Portrait
Maximum Display Weight	308 lb (140 kg) per screen
VESA Compatibility	200 × 200 to 1200 × 600 mm
Mounting Style	Wall mounted
Service Access	Push to pop out (extend and retract)
Recommended Environment	Indoor
Assembly Required	Yes
Recommended Installer	Professional AV installer
Compliance	RoHS
Country of Origin	China

PACKAGE CONTENTS

- Push to pop out video wall mounting assembly
- Left and right display mounting brackets
- Commercial grade installation hardware
- Printed installation manual
